TWENTY-THIRD NAZI PLANE IS SHOT DOWN OFF BRITISH COAST

Northumberland Residents See Air Battle—Aerial Activity Reported Over Three Scottish Areas—Governor of Bank of Canada Arrives In London to Discuss Financing

LONDON, Nov. 29 (CP)—The Air Ministry reported that R.A.F. combat planes brought down a lone German raider off the northeast coast of England today. Northumberland coast dwellers lined the shore to watch the air battle. After the German craft fell into the sea a lifeboat put out, but was unable to find a trace of the plane's occupants.

There was additional aerial activity in three Scottish areas. An air battle was reported over a southwestern Scottish town, a plane identified as German was seen over another, and a high-flying squadron was sighted over the Firth of Forth.

No air raid alarms were sounded. The plane shot down off Northumberland was the twenty-third enemy plane brought down in Britain or off her coasts since the German raid on the Firth of Forth on October 26.

PLANE DIVES INTO SEA

An Air Ministry communiqué related that the German Heinkel engaged by the R.A.F. off Northumberland "dived vertically into the clouds towards the sea." Another authoritative account of the engagement stated the Heinkel dived into the sea "with clouds of smoke trailing behind and both guns silenced."

Great Britain was told tonight that its war with Germany had resulted in an increased outlay of 66.2 per cent over peacetime Government costs.

As Sir John Simon, Chancellor of the Exchequer, was telling the House of Commons British expenditures for the war and other services now were at the rate of about \$2,400,000,000 (\$10,68,000,000) annually, Graham Towers, Governor of the Bank of Canada, arrived in London to discuss Anglo-Canadian financial arrangements arising out of the war.

In particular he will weigh with British leaders details concerning creation by Canada of credits for the purchase of British war supplies.

Mr. Towers also will discuss exchange control with Treasury officials and the whole complicated financial arrangement between the two countries.

The Government tightened its hold on parliamentary procedure today when the House of Commons approved by a vote of 213 to 115 a proposal by Prime Minister Chamberlain to restrict the introduction of bills to Government measures. A similar rule was in force during the Great War.

An amendment to the reply to the Speech from the Throne, stressing that the Government did not indicate adequate measures had been taken to support British export trade, was filed today by the Liberal Opposition in the House of Commons.

INDIANS GATHER AT CONVENTION

Hundreds Flock to Bella Coola—Loyalty Stressed In Three Tongues

BELLA COOLA, B.C., Nov. 29 (CP)—Hundreds of Indians attending the tenth annual convention of the Native Brotherhood of British Columbia were told today by one of their leaders: "It is our duty as patriotic citizens to put aside our personal claims or the claims of our brotherhood and aid our country in this time of stress."

The statement was made by Amrose Reid, advisor to the brotherhood. He said "our country is at war, so we, the native brotherhood are also at war."

Reid's address was made in three languages, English, Chinook and his native Simshian tongue, to the largest brotherhood convention ever held. Delegates and visitors attended from Bella Bella, Bella Coola, Hartley Bay, Kitkaala, Vancouer, Hazelton, Kispiox, Port Simpson, Klenut, Port Rupert and Kitimat. Severe weather conditions prevented Queen Charlotte Island Indians from attending.

The advisor said the brotherhood had been formed to help the Indians become self-supporting. It co-operates with the Department of Indian Affairs and with church missions.

IS STRONGER THAN IN 1914

Crerar Warns Germans Not To Underestimate Canada's Part in War

LONDON, Nov. 29 (CP)—Hon. T. A. Crerar, Canadian Minister of Resources, said in a speech broadcast to Germany tonight that Canada is "more united in the prosecution of this war than she was even in 1914 at the beginning of the last."

The speech was read in German by an announcer speaking over the British Broadcasting Corporation's wavelength designed to reach the enemy country.

In it Mr. Crerar said it may not be forgotten in Germany that Canada's efforts in the Great War were considerable, that she sent nearly 500,000 soldiers overseas, and that at the end approximately half the Royal Air Force pilots on the Western Front were Canadians.

IN STRONGER POSITION

"This time Canada is in a position to make an even more effective contribution," he said. "She has millions more people and her production of all forms of agricultural and manufactured goods is immensely greater than twenty years ago. Whereas in 1914 she was largely a farming country, she is now one of the great industrial and trading centres of the world. Last year her world trade was exceeded by that of only three countries."

He reminded German listeners Canada has just harvested 479,000 bushels of wheat, produces 90 per cent of the world's nickel, 12 per cent of its copper and lead, and 10 per cent of its zinc, and said that in all respects her resources are "immensely greater" than in 1914.

"Our whole economy, industrial and agricultural, now is being geared up to war demands," said Mr. Crerar. "Not only are volunteers flocking to the colors for overseas service but factories, mines, farms and fields are being worked day and night to turn out supplies which are in this modern mechanized age as essential as men—and in which Canada is so rich."

AIR TRAINING SCHEME

He told of the air training scheme under which Canada expects to turn 25,000 pilots annually.

Sir John Simon Sees Great Britain at War as Shattering Disillusion to Chancellor of the Reich—Praises Countrymen's Calm Reception of His "Horrible Invention"

LONDON, Nov. 29 (CP)—Realization that Great Britain would fight must have proved a "shattering disillusion" to Adolf Hitler, Sir John Simon, Chancellor of the Exchequer, said today in a speech in which he praised the spirit with which Britons have joined in the war effort.

He reminded German listeners Canada has just harvested 479,000 bushels of wheat, produces 90 per cent of the world's nickel, 12 per cent of its copper and lead, and 10 per cent of its zinc, and said that in all respects her resources are "immensely greater" than in 1914.

TOLL TAKEN IS MOUNTING HIGH

Thousands of Tons of Contraband Goods Detained By Great Britain

LONDON, Nov. 29 (CP)—The Ministry of Economic Warfare announced today that during the week ending last Saturday the British contraband control service examined 134 new cases and detained about 21,500 tons of contraband goods believed destined for Germany.

In a gesture made significant by the Finnish-Soviet crisis, Sir John said at a luncheon tendered by the National Defence public interest committee.

"If Hitler relied on the Von Ribbentrop claim to be able to give expert advice about the British people and even swallowed an assurance that Britain would not fight, well, the truth must have come to the German Chancellor as a shattering disillusion."

In a gesture made significant by the Finnish-Soviet crisis, Sir John, at the end of his address, drew attention to the presence of Finnish Minister G. A. Grinberg, at the luncheon with the following statement:

"It is a satisfaction to me, and I am sure to you, at this dread hour in the history of our country, to find present our friend the Finnish Minister."

Colonel Harry Nathan, Labor member of Parliament, proposed an

adjournment, in addition to the 134 new cases, fifty-one cases pending from the previous week.

During the week the control service examined, in addition to the 134 new cases, fifty-one cases pending from the previous week. The total includes the following ships, various nationalities: 31 Italian, 20 Dutch, 28 Norwegian, 20 British, 15 Greek, 12 Swedish, 13 United States, 13 Danish, 8 Belgian, and 5 Finnish, a total of 175 craft.

During the last week one cargo vessel was seized in its entirety and ninety-seven were released in full. Of the 21,500 tons of contraband goods detained, 11,600 tons were petroleum products.

The Ministry also stated that during the first twelve weeks of the war the contraband control organization detained nearly \$46,000,000 of contraband, including more than 100,000 tons of petroleum products.

Purchases of foodstuffs have averaged \$40,000 a day and since the outbreak of war aggregate approximately \$4,000,000, the board said, and last week 365 individual orders totaling about \$1,115,000 for various commodities were placed.

Since the outbreak of war, clothing and equipment for naval, military and air service have called for orders amounting to \$8,000,000. Such orders include \$32,000 pairs of boots, 191,000 pairs of socks, 180,000 suits of underwear, 40,000 new-style uniforms and 226,000 blankets.

Transactions for Materials and Defense Projects Since Sept. 1 Total \$45,000,000

OTTAWA, Nov. 29 (CP)—The War Supply Board headed by Wallace Campbell, tonight issued figures showing transactions for war materials and defence projects between September 1 and November 21 aggregating approximately \$45,000,000.

Purchases of foodstuffs have averaged \$40,000 a day and since the outbreak of war aggregate approximately \$4,000,000, the board said, and last week 365 individual orders totaling about \$1,115,000 for various commodities were placed.

OSLO, Nov. 29 (AP)—Forced landing of a German warplane near Farsund on the southern coast of Norway tonight was believed to be a sequel to an encounter between warships and airplanes witnessed earlier today by the coast guard station at Stad.

A Norwegian torpedo boat returning to Bergen tonight said she saw a foreign cruiser in this area. About the same time a Norwegian cargo boat sent a wireless message that it had rescued four German flyers in the North Sea.

The plane which landed at Farsund was confiscated and its crew interned.

From the shore it could not be seen whether either side scored hits during the fight.

THE TIMES, London

News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

(Copyright, 1939, Southam Co.)

LONDON, Nov. 29 (By Cable).—Denunciation by Moscow of the non-aggression treaty with Finland has intensified the crisis between the two countries arising from the Russian lease of air and naval sites on the Finnish coast and redefinition of the Finnish frontier near Leningrad.

The Red Army has also been ordered to fire on Finnish troops if they infringe on Russian territory. The Soviet Government, furthermore, has refused to consider the Finnish proposal for withdrawal of armies from the frontier, arguing that to withdraw Russian troops in the neighborhood of Leningrad would involve their retreat into the city's suburbs.

Every attempt has been made inside Russia to work up feeling against the Finnish Government, but not against the Finnish people. The Government is accused of acts of hostility, including the frontier shooting of Russian soldiers, and this is given as the reason for denunciation of the non-aggression pact of 1932:

Germany's position, says The Times, is clearly that of giving full support to the Soviet demands on Finland without, however, interfering in any conflict that may arise.

How greatly the Nazis and Russians distrust each other is seen in the fact both countries are fortifying their new frontiers in Poland.

Russia, moreover, is holding up supplies to Germany because Germany can not pay in gold. Russian railway transport and the difference of gauge in Poland has delayed land transport and it is now likely that whatever Russo-German trade takes place will have to go by sea.

Six German vessels have been sent to Leningrad for manganese ore, but conditions for organized trade do not yet exist.

On top of all this, a section of the Soviet press is attacking "German imperialism" for having driven the German people into war.

An official statement issued in South Africa shows that the Nazis there had planned to mobilize German residents for a march on Johannesburg and Pretoria. Nazi leaders throughout the Union had been arming their followers with rifles lately and buying ammunition.

However, the Union Government discovered the plot, says The Times, and succeeded in frustrating it. Elaborate sabotage plots to destroy factories and railways were part of the Blackshirts' activities.

The Spanish press is denouncing French and British "tyranny" in interfering with neutral trade and is printing columns of German propaganda purporting to show the Nazis in their indiscriminate mine warfare have not violated international law.

RUSSIA BREAKS WITH FINLAND

Continued from Page 1
Baron Aarne Yrjo-Hoskinen, the Finnish Minister, at 10:30 o'clock last night.

In his broadcast, Molotov declared that long, "patient negotiations" with Finland had resulted only in an "irreconcilable attitude" on the part of Finland, whose leaders acted "in the interests of imperialistic warmongers."

SECURITY IS ONLY AIM

"The only aim of our nation is to safeguard the security of the Soviet Union, and in particular Leningrad, with its population of 3,500,000," Molotov declared.

"In view of the present international situation . . . we could not make a solution of this vital and urgent question conditional upon the loss of faith of the present Finnish leaders."

"This matter must be solved by the Soviet Union in friendly cooperation with the Finnish people."

"We can no longer tolerate the present situation, for which the Finnish Government bears full responsibility . . . our Government has decided it no longer can maintain normal relations with Finland."

Recent border incidents which Molotov called "abominable" were cited as justification.

FINNS STAND FAST

HELSINKI, Nov. 30 (CP)—Profoundly disturbed by Moscow's action rupturing diplomatic relations but still determined to stand fast, Finns uneasily awaited developments today, fearing the beginning of hostilities at any time.

The Moscow action came before they could deliver a note to the Kremlin offering to withdraw Finnish defence forces from the frontier as a gesture towards settling their quarrel.

The offer was made by Foreign Minister Elias Erkko in his reply to the Soviet Government's denunciation of the 1932 Finnish-Soviet Non-Aggression Treaty.

"My Government is ready to settle with the Soviet Government the question of the removal of Finnish defence forces on the Karelian Isthmus with the exception of frontier customs guard forces, to such a distance from Leningrad that it could not even be alleged that they threaten its security," Erkko's note said.

MAKING SINCERE EFFORT

Hon. Dr. G. M. Weir responded, "He prefaced this statement with the explanation Finland was prompted by a desire to prove empirically there is a sincere effort to reach an accord with the Soviet Government and refute the Soviet Government's allegations that Finland has adopted a hostile attitude toward the U.S.S.R. and is desirous of threatening the security of Leningrad."

A Foreign Office spokesman said, "Everything is up to Russia now. Negotiation is too difficult for comment."

The news from Moscow spread rapidly through Helsinki. Finns gathered in clusters to discuss the situation. Government officials hurried to a midnight conference.

PRECARIOUS SITUATION

The Government, making no effort to minimize the precarious situation along the Russian border where Moscow has reported a multiplying number of incidents, ordered Finnish troops at various points along the Russian border to move back so as to avoid possibility of collision with Soviet troops. Officials denied Finland had mobilized her full military strength. On the contrary, they said, many reservists were recently released and had not been called back to the colors.

RECOMMENDATIONS CITED

Resuming, the Provincial Secretary declared it would cost between \$700,000 and \$1,000,000 to implement suggestions in the Cassidy recommendations, and involve the creation of another portfolio. This course the Government was not prepared to follow. In so far as he was concerned, he was not prepared to have the Legislature used as a sounding board for the views of a man who left the service.

Coffee Supply Increased by Ship Seizure

PARIS, Nov. 29 (CP-Havas)—One of two German freighters seized by French naval craft this week was loaded with enough coffee to supply the entire French armed forces for more than six weeks, naval circles said tonight.

The ship, which also carried flour and petroleum, was seized in the Atlantic as she sought furiously to reach Germany for the paths of regular ocean travel.

The German ships seized, according to a High Command communiqué on Tuesday, were the Trifels and the Santa Fe.

JAPAN GETTING PROTEST READY

Reported Considering Retaliation for Blockade of German Exports

TOKIO, Nov. 30 (CP)—Japan is preparing a second protest to Great Britain and France against their blockade of German exports, and retaliatory measures were reported to be under consideration should the protest be rejected.

Official sources would only say "decisive steps" would be taken, but the newspaper Nichi reported the Government is considering seizure of French and British shipping in Far Eastern waters equivalent to the losses that would be suffered by Japan.

Official figures through July evaluated German exports to Japan at about \$24,000,000.

The Foreign Office, on November 25, protesting to Great Britain concerning the blockade, said Japan might be compelled to adopt "appropriate counter measures."

CLAIMS GOVERNMENT WITHHOLDING REPORT

not judge of their worth. Either the Administration had been in error in engaging Dr. Cassidy, or else it had wasted money for advice that was not to be considered.

In his letter, Dr. Cassidy had suggested that the present civil service system was a sham, that overlapping of social services and in the administration of social services and in other ways; that the executive exercised centralized control, and that reorganization would save hundreds of thousands of dollars.

These views, Mr. Maitland said, had been communicated by Dr. Cassidy both to the Premier and to the Provincial Secretary, while the motion for return of the reports in the House had been put off until the last day. The House, he submitted, was entitled to this information.

MINISTER REPLIES

Hon. Dr. G. M. Weir responded, "Hon. Dr. Cassidy has suggested that the welfare and health services had been reorganized, and the per capita cost of such services reduced under his administration of the portfolio from 52 cents to 51 cents in a few years' time. Dr. Cassidy had not done all the work by any means, he declared.

"So far as Dr. Cassidy is concerned, the reports he refers to were not paid for by the people of British Columbia. He prepared them in Chicago, after he had grown disillusioned and left the provincial civil service. They were private reports, containing confidential information, and it is a shameless thing to betray confidential correspondence so submitted.

Mr. Maitland—Does the honorable gentleman suggest that I have done anything wrong?

Dr. Weir—No, I mean Dr. Cassidy. This man left the province. I am not going to say that he did not do good work, but he did not do all. He professed the responsibility as a private citizen. If Dr. Cassidy wants the reports published, he is perfectly at liberty to do so himself so long as he does not violate the oath of office he took as a civil servant. I may say he has already come perilously close to violating that oath—if my thinks we are going to yield to blackmail, he is wrong."

RECOMMENDATIONS CITED

Resuming, the Provincial Secretary declared it would cost between \$700,000 and \$1,000,000 to implement suggestions in the Cassidy recommendations, and involve the creation of another portfolio. This course the Government was not prepared to follow. In so far as he was concerned, he was not prepared to have the Legislature used as a sounding board for the views of a man who left the service.

unscheduled toast to the Polish ambassador and the Finnish envoy, remarking: "It is a symbol."

"This country has the reputation of always being rather unprepared and blundering ultimately through arrangements which experience suggests, but this time the plans prepared in advance in case we should ever be involved in a struggle where we had to defend ourselves have far exceeded in all sorts of directions anything we had ever achieved in our previous history," Sir John said.

THE FULL BLAST

The Chancellor added that the "full blast of the hurricane" had fallen immediately upon Great Britain, its people would have had "good reason to appreciate the value of all these preparations."

"As it turned out, some of them appear to be almost too complete and too elaborate, and due to our national character there is plenty of criticism and plenty of doubt as to the need for these arrangements," Sir John continued.

Sir John paid tribute to Lord Hankey, minister without portfolio, who, he said, did a great deal in the preliminary work of preparing Great Britain for the war.

"With infinite patience Lord Hankey went through the records of the experiences of 1914-1918, and he and his skilled staff before the outbreak of the war had gathered the whole of these results in a compendium which was of infinite value when the blow fell and the struggle began," Sir John said.

WONDERFUL PROOF

The Chancellor said that it was "wonderful proof of the courage and determination of the British people" that an instrument like his budget—"surely one of the most terrible inventions that ever entered the mind of man"—should have been accepted so calmly and readily by "our practical and hard-headed countrymen."

The resolution was rejected, finally, on a division of 26 to 16, two Liberals voting with the Conservatives and C.C.F. Oppositions; Thomas King (Liberal, Columbia) and Harold Johnston (Liberal, Revelstoke).

The House debated further motions, before rising at 11:42 p.m., until 10:30 a.m. today, for a cleanup sitting before prorogation at 3 p.m.

GRAIN RATES

The House debated for half an hour on grain rates; Opposition benches reminding the Administration of considerable sums paid to former freight rates counsel with not much result that was apparent to date. Debate proceeded on a number of motions on the order

paper, involving resolutions on old age pensions, mental hospitals, the Trans-Canada Highway and other matters.

Conservatives, led by R. W. Bruhn and Captain M. F. MacInnis, drove hard for completion and upkeep of the Trans-Canada Highway as a solely Federal undertaking, urging the House to pass a resolution to that effect to be forwarded to Ottawa. Speaking to the motion, Mr. Bruhn said \$70,000,000 had been expended on relief within British Columbia, with no clear road the province as yet.

A division followed, the Legislature rejecting the motion for a return of the reports by 29 to 14; Conservatives and C.C.F. members, with Dr. Telford, Independent, voting for the return, and Liberals, with Tom Uphill, Labor, to turn back.

The House debated further motions, before rising at 11:42 p.m., until 10:30 a.m. today, for a cleanup sitting before prorogation at 3 p.m.

Utilities and Forest Laws Are Changed as Session Nears Close

Provincial Legislature Finishes Bills Programme
Save for Reprint Measures—Victoria City Is Granted New Trade Licensing Authority.

WITH its legislative programme about complete, the British Columbia Legislature recessed for supper at 5:30 p.m. yesterday, on the prospect of one more working sitting before prorogation today. Only four bills in reprint stages awaited final reading, with an order paper otherwise cleared, save for incidental motions.

The afternoon sitting was devoted mainly to reshaping the Public Utilities Act and amending forest laws, with one brief flashback to supporting bills the Minister of Labor had declared himself in receipt of a letter which was the property of a private citizen.

As the sitting opened, Colin Cam-

eron in the custody of the courts. The House should adjourn, said Mr. Cameron, to consider what steps should be taken to draw this to the attention of the Minister of Justice at Ottawa, to the end that the person or persons concerned in removing the letter might be apprehended.

CHAIR SUSTAINED

Mr. Speaker Whittaker ruled the member for Comox out of order. So far as the House was aware, the letter might have come properly from the hands of the Minister of Labor. In any event, it had not been suggested that the letter had been made part of the evidence at mine workers' trials, or had in fact become the property of the court.

Harold Winch, C.C.F. leader, moved for a division, and the House sus-

tained the chair, 35 to 9, on straight party lines.

The issue closed. Later in the day, E. E. Winch (C.C.F., Burnaby) rose to a point of order, in the course of which he made reference to "misrepresentations" by some Ministers of the Crown, not immediately identified. Mr. Speaker asked the member to withdraw the remark. Mr. Winch declined. Mr. Speaker threatened to "name" the member for Burnaby, which implied ejection if carried out. Mr. Winch hesitated for a moment, searched for a formula of maintaining his point of order, and finally withdrew the remark. The House went on with its programme.

BILLS COMPLETED

Bills pressed to enactment subject to amendment included the Shaughnessy Height Building Restriction Act, Six-Monthly Payment of Wages Act, Civil Service Superannuation Act, Victoria City Act, Narcotics Control Act, Motor Vehicle Act, Naturalistic Physicians Act, and the Motor Carriers' Act. The latter provided that taxi-cab drivers operating outside of municipal limits will come under the control of the Utility Commission.

The Public Utilities, Highway Act, Weekly Half-Holiday Act, and Forest Act were completed in committee with further amendments, and ordered reprinted for third reading at night.

The chief change in the Public Utilities Act was by way of discretionary provision to visit part or all of appraisal costs on the utilities appraised, and to take the balance from provincial revenue. As the clause stood in the measure, the discretion would be exercised by the commission; but after a Conservative drive against this, the Administration transferred its operation to the Lieutenant-Governor in Council. To Opposition assertions that the British Columbia Electric Railway appraisal, now under way, might cost \$500,000 and take eighteen months, the Administration said nothing.

MUNICIPAL EFFECTS

A clause was inserted in the bill asserted for Greater Victoria and similar areas, whereby the commission may issue preliminary certificates for utilities to enter municipal areas prior to the granting of a franchise, and commence service there pending a vote on the issue. Municipalities as such may be regarded as public utilities, but control of debenture issues and finance-

ing on utility services owned by the city is exempt from commission direction.

The Victoria City bill was enacted, containing trades licences of up to \$150 a year for outside agencies soliciting work in the city for completion elsewhere, power to refuse trades licences by unanimous resolution of the city council, and lesser clauses.

Amendments to the Motor Vehicle Act, introduced this week, went three stages to completion unexplained; the bill, however, deals with motor drivers' licence suspensions; the regulation of chauffeurs, and new authority for senior Provincial Police officers in patrolled municipal boundaries.

Amendments to the Administration Act limit the priority claims of testamentary expenses on small estates to \$100, before burial fees and contingent items must take their turn with hospital, physicians' and other claims. Attorney-General Wimber said.

FOREST LAW

Changes in the Forest Act were adopted at some length. Main royalty charges are continued until 1942 unchanged. New royalty charges are fixed on various classes of small timber, including shakes, fence posts and props. Provincial parks, excepting Garibaldi, Strathcona, and Mount Robson, are transferred to forestry branch control. Log export control, at the discretion of the Minister of Lands in the bill, was varied to control by the Lieutenant-Governor in Council. New forest protection clauses were inserted, including penalties for failure to exercise proper care with slash disposal.

Speaking on the bill, which won general support in the House, Rolf Bruhn (Con., Salmon Arm) urged the Government to lend encouragement to the development of a large export trade in mining props, required now in the United Kingdom for wartime purposes. Provision of assembly plants, and co-ordination of cutting in the Central and Northern Interior would not only make the trade profitable, but would improve forest stands by thinning unripe growth, he said.

Passing on to motions offered for the purposes of debate, the House cleared its order paper of much of the accumulation of the four-week session. Mayor Lyle Telford (Ind., Vancouver East) renewed advocacy for action now to secure adjustment of westbound freight rates on feed grains, to benefit livestock and poultry breeders of the province. It was still true, Dr. Telford asserted, that Canadian grain was dearer in British Columbia than in the Orient, and farmers suffered in consequence.

The House recessed at 5:30 p.m., until 8:30 p.m.

ELECTION IN BRANDON

BRANDON, Man., Nov. 29 (CP)—Major P. H. Young was re-elected in civic voting here yesterday by 3,132 votes to 1,353 for Ald. J. Kirkaldy and 664 for H. W. Carter, former mayor. Aldermen elected were: H. Gould, Ald. W. H. Boroski, L. H. McDorman, Ald. H. Spafford and Ald. F. J. Clark.

VETERAN CHOIR OPENS SEASON

Arion Club Gives Concert at Empress With Two Assisting Soloists

Victoria's veteran male voice choir, the Arion Club, last night at the Empress Hotel, opened its forty-eighth season with a concert that attracted an audience of about 500.

The programme followed traditional lines, introducing some new compositions among proved favorites, good humorous material, sea songs and rallying march melodies of the more classical and lyrical type. W. C. Fife was the conductor.

Among the most popular were the opening "Prayer of Thanksgiving," a Netherlands folk song; J. H. Brewer's melodious "Sing, Sing, Music Was Given"; where Maurice Chandler carried the solo effectively; Maunder's robust and brassy "To Arms"; Hadley's "Munich," True's "There were the tenors supplied the frivolous element; and the basses the heavy comedy; the delicately humorous "Sweet Kitty Clover"; Maunders' "Border Ballad" and "I Dream of Jeannie."

These were all accompanied by the piano, and the last four were encores. Other numbers were Bach's "Now Let Every Tongue," the unaccompanied Irish air, "Off in the Stilly Night"; the tuneful "Gentle Maidens"; Lloyd's "Weet Sheet and a Flowing Sea" without piano, and "Skye Boat Song."

Winifred Applegate, coloratura soprano, was particularly popular in her last group, which opened with the aria from Verdi's "La Traviata," "For a Lull," after which she was recalled for two encores, "I Heard a Forest," "Prayer" and "Clouds." Earlier in the programme she sang two Schubert numbers, "Linden Tree" and "Faith in Spring," and as an encore, "There Are Fairies at the Bottom of Our Garden."

Sidney Clilverall was welcomed after a protracted absence in England, in two groups of solos, Schubert's "My Abode," Mozart's "Great Isis," "I Travel the Road" (sung as an encore), and the dramatic aria from Massenet's "Herodiade," "Vilain Fugitive." Mrs. C. C. Warn filled the exacting role of accompanist.

FOUR AIRMEN DIE IN PLANE CRASH

Continued from Page 1

L. A. Clements, twenty-two, son of Mrs. F. W. N. Clements, of North Devon, N.B.

The fourth victim was Leading Aircraftsman L. S. Stempel, twenty-two, son of Wilfred Stempel, Saskatoon chartered accountant and president of the Saskatoon Flying Club.

MODERN TRAINING BOMBER

The plane was one of the fleet of modern Oxford training bombers, made in Portsmouth, England, in which Canadian flying officers complete the third stage of their training. The craft have an air speed of more than 200 miles an hour. They are not used in active service.

In Ottawa it was announced that a board of inquiry would investigate the cause of the accident.

The plane left the Trenton air station at 10:30 a.m. for air firing practice on the bombing and gunnery range and was returning to the base shortly after noon when it crashed.

David Post, farmer on the first concession north of Trenton Airport, said he saw the big yellow plane go into an almost vertical spin, straighten out and crash into some trees. Post said he believed the plane must have been traveling about 150 miles an hour when the spin started.

ALL TRAINED IN WEST

All four occupants of the bomber did their preliminary training at flying clubs in Western Canada.

Pilot Officer Maher, native of North Devon, was posted to the Winnipeg Flying Club last June on appointment and was moved to the R.C.A.F. station at Trenton last month. He obtained his bachelor of science degree at the University of Toronto last Spring.

Pilot Officer Lee was born at Muirkirk, Kent County, Ont. He was appointed to the Regina Flying Club last June and he also went to Trenton last month to train for a permanent commission. He was graduated from the arts course at the University of Western Ontario this year.

Pilot Officer Clements, native of North Devon, was posted to Calgary Aero Club last June and went to Trenton at the same time as the others. He was graduated in electrical engineering from the University of New Brunswick at Fredericton last Spring.

Leading Aircraftsman Lawrence Stempel a few years ago won the distinction of being the youngest licensed air engineer in Canada. He received most of his air training with the Saskatoon Club his father heads. He is survived by his parents and two sisters.

FEW FEET SHORT
Officers in a companion plane, flying a few hundred feet behind, were the first to see that the plane was in difficulty. The motor sputtered, the machine lost altitude suddenly and hurtled into the woods. A few more feet and it would have landed in a ploughed field.

The companion plane immediately landed at the airport and informed Commanding Officer C. M. McEwen. Doctors, ambulances and a crew of officers were dispatched to the scene, where farm folk already had gathered, along with a crew of sectionmen from the nearby Canadian National Railways tracks.

GIVES OUTLINE OF NEW PLAN

L. LeBourdais, M.P.P. for
Cariboo, Thinks Scheme
Would Solve Problems

An outline of the "LeBourdais Scheme" as a solution to the unemployment problem, was given before members of the Ward Two Liberal Association at headquarters on

Tuesday night by its originator, Louis LeBourdais, member for the Cariboo.

Mr. LeBourdais said that he had talked the plan over with the Premier and members of the Government and at the present time six members from the Interior of the province, were busy working on it.

Briefly the plan would provide each family with a free piece of property and two years' relief allowance. On the basis of a relief allowance of \$40 a month for a family of five, recipients would receive about \$900 to commence farming.

Mr. LeBourdais also described the resources and possibilities of the 32,000-square-mile district of Cariboo. He said that it was the fourth largest river in the province and contained over 3,100 miles of roads, all passable and safe. The 450-mile trip from Quesnel to Vancouver could be made in one day, he added.

GOLD PRODUCTION

The total production of gold in the Cariboo during 1938 was three millions of dollars, the speaker said. In addition to the district's mineral wealth, Mr. LeBourdais added that it raised more bread than any other district in British Columbia, shipping some 17,000 head last year.

In the agricultural field, he mentioned, in particular, potatoes, for which his riding was renowned.

C. M. Parrott, vice-president, was in the chair and expressed the thanks of the members to Mr. LeBourdais.

It was announced that the December meeting of the ward had been canceled due to the date's proximity to the Christmas holidays.

FIRM LEADS IN SALES CONTEST

MacDonald Electric Limited Wins
G.E. Washing Machine Contest,
For All Canada

MacDonald Electric, Limited, 1121 Douglas Street, again claims first place in the second annual washing machine sales contest held by the Canadian General Electric Company for the months of September and October.

With a total of two car loads of washers sold in Victoria, the local firm leads in actual total over every other entry in Canada. This is the second time MacDonald's has taken first place for similar honors which were won in last year's competition.

The leading salesman was Lew F. MacDonald, who took top place last year. Mr. MacDonald also holds a medal and a cup won in the Edison Mazda sales contests of 1932-34. Second prize was taken by E. G. Beastall, who has been with MacDonald Electric, Limited, for the past three years. Last year he carried off similar honors.

WILL SPEAK TODAY

Dr. T. Marshall Morsey, noted Bible teacher and author, will speak in the Christian and Missionary Alliance Tabernacle this afternoon and tonight.

TO SPEAK TONIGHT
Technocracy Inc. will hold a public lecture tonight in the board room, Pemberton Building, at 8 o'clock. The speakers will be Marion Hardwick and O. Corbett.

DEATH TAKES W. H. PENNOCK

Pioneer Local Jeweler Succumbs in Hospital Here
—Funeral Saturday

William Henry Pennock, 1241 Hampshire Road, pioneer local jeweler, passed away yesterday in the Royal Jubilee Hospital, following a lengthy illness.

Mr. Pennock was born at York Mills, Ontario, on February 10, 1859. As a young man he learned his trade in Winnipeg and a few years after came to Victoria and engaged in the jewelry business until 1914, when he took up farming with his son in Alberta. Later he returned to Victoria and retired on a small acreage in Saanich.

On June 26, 1888, he married the late Clara Ridgman, being the first couple married in the Calvary Baptist Church on Herald Street, which was later destroyed by fire. His wife predeceased him in August, 1936.

Mr. Pennock studied pathology extensively as a hobby, and was a member of the Victoria Club. In his younger days, he was an honorary member of Victoria Columbia Lodge, No. 1, A.F. & A.M., being a member of that lodge for fifty-four years.

He leaves two sons, A. R. Pennock, Edmonds, Wash., and D. O. Pennock, 1241 Hampshire Road, Victoria; a brother, A. J. Pennock, Dearborn, Michigan; two granddaughters, Misses Vivian and Patricia Pennock, of this city; four grandchildren, of Edmonds, and two great-grandchildren, of Edmonds.

The funeral will take place from the Thomson Funeral Home on Saturday at 2:30 o'clock. Canon Stocken officiating. The remains will be cremated at the Royal Oak Crematorium.

W. S. HENDERSON PASSES IN CITY

Elder Son of Mr. and Mrs. Stuart Henderson Will Be Buried Tomorrow

Funeral services for the late William Stuart (Burr) Henderson, aged seventy-seven years. Mrs. Zarelli was born in Italy and had resided in Victoria for fifty years. She leaves her husband, Tony Zarelli, of 1154 Johnson Street; two sons, Duncan, of Olympia, Wash., and Gilbert, Victoria; one daughter, Mrs. J. Palmer, Saanich; two brothers in Tacoma and one in Prince Rupert; and two granddaughters, both at McCall Bros.' Funeral Home on Saturday afternoon at 2:30 o'clock. Interment will be in the Colwood Burial Park.

Mr. Henderson was born in Ashcroft thirty-three years ago, and died in Victoria with his parents at the age of one year. He received his education in Victoria schools and was a former member of the 16th Canadian Scottish Regiment. He was a keen Rugby player and member of the Uplands Golf Club, until a heart ailment developed following a serious illness about ten years ago, curtailing his activities.

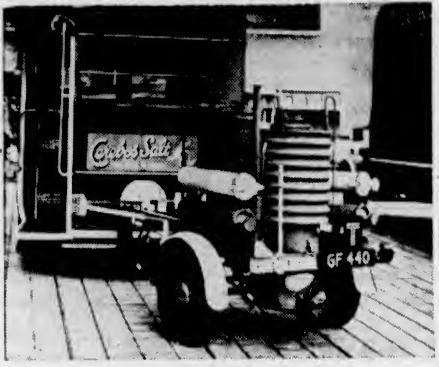

He is survived by his parents and three sisters, Mrs. Iva McPhee and the Misses Wilma and Ena, and one brother, Gordon, all of Victoria.

The service will be held in Hayward's B.C. Funeral Chapel and Rev. James Hood will officiate. Interment will be made in the Royal Oak Burial Park.

OTTAWA, Nov. 29 (CP)—Graham Towers, governor of the Bank of Canada and chairman of the Foreign Exchange Control Board, has arrived in England, it was learned today.

Mr. Towers will act as financial adviser to Hon. T. A. Crerar, Canadian Minister of Mines and Resources, heading a Canadian delegation to the Empire war party.

Thirty Thousand Women Sign Registry in B.C.

VANCOUVER Nov. 29 (CP).—Officials in charge of the Voluntary Registration of Canadian Women announced here last night a total of 29,775 British Columbia women had signed up for emergency service in wartime.

The total includes figures from thirty-six districts throughout the province, with returns yet to be received from Grand Forks-Greenwood, Kaslo-Slocan, Nelson-Creston and Rossland-Trail.

Mrs. L. M. Dryden, honorary provincial secretary, announced the campaign was officially closed and said the response was "very gratifying."

Early tomorrow a large packing case containing the completed forms will be sent to Ottawa for use of authorities in the Federal capital.

THOUSANDS GO TO WORK AGAIN

Resuming Operations at Chrysler Plants Under New Contract

Detroit, Nov. 29 (CP).—More than 50,000 Chrysler Corporation employees who haven't had a pay-day for seven weeks eagerly waited tonight for a chance to resume work under a new contract announced today.

Corporation officials, hoping to recoup an estimated \$100,000,000 losses caused by the fifty-four-day shutdown which marked the automobile industry's longest labor dispute, rushed plans to get final assembly lines operating again. The spokesman said all plants would be open by Monday.

RESUMING OPERATIONS

The corporation instructed thousands of employees to resume work at several plants tomorrow morning for "regular shifts." These included the Dodge, Plymouth and De Soto plants. Additional thousands were called back for Friday, Saturday and Monday mornings.

A general wage increase of three cents an hour for all hourly employees of the corporation, and an additional increase of one cent for workers in all Chrysler plants outside Detroit, was included in the settlement.

Officials of the C.I.O. United Automobile Workers' Union estimated that the increases total between \$5,000,000 and \$6,000,000 a year. The corporation said it was "about \$5,000,000."

OVERWHELMING VOTE

Five big Detroit U.A.W.-C.I.O. locals, including Dodge Local No. 3, voted overwhelmingly tonight for ratification of the new working contract, which supplants one that expired September 30. Union leaders said the vote constituted formal ratification of the contract since the five locals have a preponderance of the entire Chrysler membership of the U.A.W.A.

The new contract covers eleven plants in which the U.A.W.-C.I.O. won exclusive bargaining rights in a recent National Labor Relations Board election. Principal provisions are:

SIT-DOWN, STAY-IN AND SLOW-DOWN strikes are prohibited. No strike shall be called unless grievance procedure has been exhausted and five days of negotiation have failed. Any strike terminates the contract.

Dolls' Bazaar Nets \$700 For Jubilee Junior W.A.

Large Crowd Attends Sale at Nurses' Home—Fun Fair in Evening Provides Interesting Entertainment for Many Patrons

The annual dolls' bazaar and fun fair held yesterday by the Jubilee Junior Women's Auxiliary of the Royal Jubilee Hospital, at the Nurses' Home, the proceeds amounting to approximately \$700, was in every respect an outstanding success. Throughout the afternoon and again in the evening the rooms were thronged with visitors and all were enthusiastic in their expression of delight with the many tempting wares offered for sale and with the entertainment provided.

Mrs. J. W. Benning, who was introduced by the president, Miss Vida Shandley, opened the bazaar at 3:30 o'clock, expressing in a few words her appreciation in being asked to officiate and wishing the auxiliary every possible success in its undertaking. She was presented with a beautiful corsage bouquet of rosebuds by little Carol Wootton, daughter of Mrs. R. A. Wootton, who was one of the tea convenors.

DOLLS' STALL

Primarily a dolls' bazaar, the stall of beautifully-dressed dolls was the focal point of the visitors' attention and in the collection were dolls of every description, all with hand-made clothes, some of which were particularly beautiful. Nearby was a stall devoted to dolls' clothes only, and this was a favorite among the little girls who, with the serious mien of their elders, spent considerable time in choosing "outfits" as Christmas presents for their dolls.

The stall of children's clothes and woolies had many tempting wares and the gift and novelty stall, which had been arranged by the vocational committee of the auxiliary, soon disposed of its large and varied assortment of attractive and useful articles.

THE STALLS

In the main corridor the home-cooking stall, the home-made candy stall and a stall of potted plants, bulbs and cut flowers attracted many buyers. Of special note at the plant stall were the bowls of lovely anemones and the potted chrysanthemums. One end of the main lounge was devoted to the serving of tea, the tables, covered with ecru lace cloths, being centred with silver bowls of holly, while red candles glowed in silver candelabra, adding a seasonal and festive note to the decorations. Holly adorned the mantelpiece and red candles were set in artistic holly and fir plaques. Ice cream was served in the main hall-way and a decorated Christmas tree held mysterious parcels for the little visitors.

During the afternoon Mr. William Harkness presented two shows of his magician's art, and on both occasions the room devoted to this entertainment was thronged with children, who were delighted with Mr. Harkness' sleight-of-hand and clever tricks.

FUN FAIR

The afternoon's entertainment came to an end at 6 o'clock and by 8 o'clock in the evening the stalls had been cleared away and the rooms arranged for the fun fair. A shooting gallery, house-housie, the popular game of darts and a variety of amusing games of chance kept the patrons busy for hours, while

After the meeting a comic hat parade was held, and prizes were won by Mrs. E. Van Alphen, Mrs. A. Hatcher and Mrs. A. McAllister; songs were sung by Miss E. Middleton, Miss Kerslake and Master Bruce Allen, with a song and tap dance. There will be a Christmas tree and supper for members on December 11.

Red Cross Society
The character of the socks which come from the Red Cross, washed, ironed and pre-shrunk, is a tribute to the efficiency and excellence of the women of Canada as knitters. He added.

The Red Cross Society has been buying wool of a type not used for garments in Government war orders as to co-operate with the Department of National Defence. The Red Cross buys the wool and supplies it to women who knit the socks for soldiers. Mr. Sommerville said that so far the society has supplied more than 1,200 pairs of socks to soldiers in Ontario alone.

Wool Administrator
David Dick stated today that any organization, trade or individual that can use any quality of wool other than 4s to 5s, will be doing national service in helping relieve the shortage for military and other urgent needs.

P.P.C.L.I. Auxiliary Plans Cooking Sale

The Women's Auxiliary to the Princess Patricia's Canadian Light Infantry will have charge of a home cooking stall in Spencer's hardware department on Saturday from 9 to 1 o'clock, and the proceeds will be used to provide comforts for the boys who recently left Victoria with the "Pats."

There will be jams, jellies, pickles, preserves, cakes, cookies and bread; many of the jams and pickles came from the industrious housewives of Salt Spring Island.

The committee in charge of arrangements for the sale include the following: Mrs. E. Mitchell, Mrs. MacGregor MacIntosh, Mrs. Carew Martin, Mrs. Glen C. Holland, Mrs. A. Linsey and Mrs. W. Aldridge.

Play Enjoyed At Informal Studio Party

RED CROSS

SIDNEY UNIT

The informal studio party held by the Beau-Arts Society on Sunday afternoon at Ed Savannah's studio, Fort Street, was attended by over eighty members and several special guests. Miss May Lindgren was head of the reception committee and refreshments were served under the direction of Miss Hyacinth Hardfield.

A

two-act play, "Fumed Oak," was presented under the direction of Mr. Stanley Glickman, and was given in penthouse style with Miss Hope Denbigh, Miss Constance Hobbs, Miss Joyce Smith and Mr. Donald Jacobs taking part.

Mr. Ed Savannah took the chair for the short business session, which preceded the entertainment. Elaborate decorations are being planned for the Snow Ball, Boxing Day, December 26, and much discussion took place, and the committee was instructed to go ahead with the plans submitted. Miss Honor Benson and Mr. Dennis Harris will sing in the special number being arranged, and the orchestra will take part in a novelty act. Tickets were distributed by the treasurer, Mr. Waldo Skillings, and others may be obtained from F. A. Morris, Strait's Terry's and the Empress Hotel, where the ball will be held.

Chrysanthemums were artistically arranged about the rooms, and music was played on the piano according.

BRITISH FILM ENJOYED HERE

Preview of "The Lion Has Wings" Is Attended by Many Citizens

When Britain declared war on Germany last September, Alexander Korda was not caught napping. Like his compatriots, the British motion picture producer was prepared for the contingency. Almost immediately following Prime Minister Chamberlain's historic radio address, Korda made a virtue of necessity and produced a picture about the war called "The Lion Has Wings."

Headed by Lieutenant-Governor E. W. Hamber and Mrs. Hamber, attended by A. M. D. Fairbairn and Mrs. Mae Rice, a large number of leading citizens, naval and military officers and soldiers and sailors enjoyed a preview of the great war picture at the Capitol Theatre yesterday morning.

PEACE AND HARMONY

Scenes depicted in England before the war stressed the peace and harmony of the Isles with efforts directed towards better living conditions and general health. The other side of the picture showed Germany grimly arming to the teeth, and later annexing Austria, Memel, Czechoslovakia, Danzig and lastly Poland.

Step by step the audience was led through the rearmament of Great Britain to check the vain and senseless ambition of Hitler.

Thrilling aerial battles, fighting off German bombing planes with fast pursuit ships and anti-aircraft weapons, and the daring air raid on ships in the Kiel Canal were faithfully reproduced on the screen.

PRIZE PREVIEW

Following are the comments of several who attended the preview:

His Honor the Lieutenant-Governor—I thoroughly enjoyed it. I feel it is a picture that could well be seen by every citizen.

Rt. Rev. H. E. Sexton, Bishop of Columbia—A splendid picture for the present time featuring the indomitable spirit and matchless courage of our fighting men of whom we are so justly proud. The picture intensifies one's conviction that the British and Allied people are engaged in a real crusade against ruthlessness oppression and wrong.

Major Andrew McGavin—It is a wonderful picture. The marvels of science as applied to modern warfare are impressive.

WONDERFUL PICTURE

Air Commodore A. E. Godfrey—A wonderful picture portraying the defense of Great Britain.

W. T. Strathall, M.P.P.—An impressive spectacle of Britain's preparedness and determination to establish world peace and security.

Alderman John A. Worthington—It is obvious that Hitler and his regime must go. I was moved by views of the English countryside and what has been done to improve the health and living conditions of both children and adults.

Officers from the Royal Canadian Naval Barracks—Splendid entertainment, excellent photography and direction. Calculated to deeply stir the patriotic emotions of those within the Empire.

**Came to B.C.
Half Century
Ago to Teach**

At St. Ann's convent chapel at 8 o'clock this morning, funeral services will be held, for Sister Mary Florentius, a member of the order who passed away on Tuesday in New Westminster following a brief illness. Rev. Father Gaudet will officiate.

AUXILIARY TO SEND WOOLIES TO "PATS"

Sister Mary Florentius, who was seventy-two years old, was born in Oswego, New York, where she received her early education. Later she went to the mother house of the Order of St. Ann at Lachine to receive her training for her life's vocation, and very shortly after this came to Western Canada, where she spent the last forty-seven years of her life, chiefly as a teacher in St. Ann's Schools in New Westminster and Kamloops. She had frequently stayed at St. Ann's Convent, Victoria, and for a time was resident at St. Joseph's Hospital. Five years ago she left here to go into retirement at St. Ann's Convent, New Westminster.

Sister Mary Theodore, doyen of the Sisters of St. Ann here, is a cousin, and there are two sisters still living in Syracuse, N.Y.

The remains are arriving by this morning's boat from Vancouver, and will be taken direct to St. Ann's Chapel. Interment will be in Victoria.

**Pimples Kill
Many a Romance**

The lives of many young people are made miserable by the breaking out of pimples on the face.

The trouble is not so much physical pain, but it is the mental suffering caused by the embarrassing disfigurement of the face which very often makes the sufferer ashamed to go out in company.

The quickest way to get rid of pimples is to improve the general health by a thorough cleansing of the blood of its impurities.

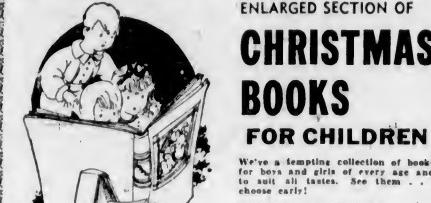

Durdock Blood Bitters cleanses and purifies the blood—Get rid of your pimples by taking R.R.B.

Miss Muriel Chadwick Bride of Mr. W. G. Flett

Very Rev. Spencer H. Elliott officiated at the marriage of Muriel Audrey, only daughter of the late Mr. K. M. Chadwick and Mrs. Chadwick, 1030 Richardson Street, and Mr. William G. Flett, younger son of Mr. William Flett, Vancouver, and the late Mrs. Flett, which was solemnized in Christ Church Cathedral at 2:30 o'clock yesterday afternoon. Mr. Stanley Bulley played the wedding marches and incidental music.

The bride, a charming brunette, was given in marriage by Mr. P. E. Corby, and wore a Balenciaga gown of "Ocean Mist" French faille silk, and the floor-length skirt having added fullness at the back. With this was worn a long-sleeved jacket, with lapels of mink, and a small model hat, edged with the same fur. Her accessories were bronze, and she carried a shower bouquet of cerise roses.

Miss Margaret Flett, Vancouver, sister of the bridegroom, was bridemaid in a mid-Victorian gown of mist blue crepe, worn with a "Harvest" wine velvet turban, elbow-length gloves of fabric in the same

shade, and wine suede shoes. She carried a bouquet of shaded pink chrysanthemums and carnations. Mr. E. B. Corby, Vancouver, was best man, and the ushers were Mr. H. Sabiston and Mr. H. Davidson of the Duke of Kent dining-room at the Empress Hotel, where the guests were welcomed by Mrs. Chadwick, in a smart frock of Rio blue azuré crepe, trimmed with silver lame appliquéd on the bodice. She also wore a black model hat and a corsage bouquet of Portland roses.

After a honeymoon in the State of Washington, Mr. and Mrs. Flett will return to Victoria to live. For traveling, the bride chose a two-tone frock of Viking blue wool, with a matching hat, and a coat of African brown squirrel and brown accessories.

A number of Mainland guests attended the wedding.

skull-cap and mittens. The wool is purchased with money sent as donations to the auxiliary, or which is raised by means of card parties and other social functions.

Mrs. Lawrence is secretary, and Mrs. N. Featherstone, treasurer, of the membership comprising the wives and relatives of the men of regiment.

V.H.S. Alumni
To Hold Dance
Tomorrow Night

Victoria High School Alumni Association will hold its second dance of the season tomorrow evening at the Crystal Garden.

Four hours of dance music will be supplied by a popular orchestra, commencing at 9 o'clock. As an added entertainment, exhibition numbers will be staged by pupils of Miss Florence Clough. Prizes will be awarded to winners of the spot dances.

Arrangements are in charge of William Hole, chairman; Marcia Beach, Walter Parker and Donald Hughes. Tickets may be secured from members of the executive.

**High Mass Will
Be Sung Today**

A special Solemn High Mass will be celebrated at St. Andrew's Cathedral this morning at 10:30 o'clock in honor of the Feast of St. Andrew, patron saint of the cathedral.

Most Rev. John C. Cody, D.D., Bishop of Victoria, will assist at the thronos and Rev. Fathers Lewis MacLellan, Nanaimo, and W. J. Smith, Port Alberni, will be assistant priests.

The first shipment of comforts for the men of the regiment will be sent off during the coming week-end, and will include socks, scarves,

shirts, caps and mittens.

Rt. Rev. Msgr. A. G. Baker, V.G., will be the celebrant, assisted by Rev. Father J. G. Satchwell, as deacon, and Rev. Father X. Lauzon, Tzouhalem, as sub-deacon of the Mass.

Rev. Father Alex McDonald, Nanaimo, will be assistant priest and will also deliver the sermon.

COMMITTED FOR TRIAL

MERRITT, Nov. 29 (CP)—Henry Tuck, Chinese, was committed for trial after preliminary hearing today on a charge of wounding Police Chief Robert Drybrough with an axe. Evidence at the hearing disclosed two fifteen-year-old boys, Billy Walker and Charlie Boyden, came to Chief Drybrough's aid and managed to hold off the latter's assailant until further aid arrived.

The first shipment of comforts for the men of the regiment will be sent off during the coming week-end, and will include socks, scarves,

SEEKS SUPPLIES

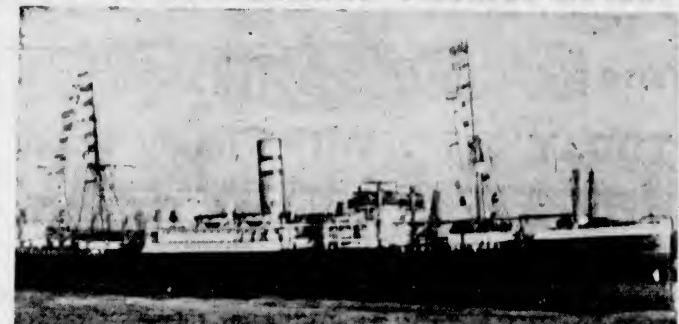

Stoppage of Germany's trade to countries on the West Coast of South America, including Peru, Ecuador, Chile and Bolivia has, with the outbreak of hostilities in Europe, resulted in a large number of inquiries for supplies from alternative sources, according to M. J. Vechsler, Canadian Trade Commissioner at Lima, in a report to the Department of Trade and Commerce, Ottawa.

Total import trade of Peru in 1938, states Mr. Vechsler, was valued at \$60,158,735 soles (one sol equals approximately 20 cents). Of this total, Germany supplied goods to the value of \$20,323,065 soles and Canada \$4,914,500 soles.

Dutch Liner Sunk in Thames Estuary

The 8,857-ton Dutch liner Spaarndam was sunk in the Thames Estuary, outside London, on November 27, when it struck a mine thought to have been dropped from German planes. The Spaarndam carried a general cargo, and had left New York on September 22. Four members of the crew and a woman passenger were killed by the explosion. Captain E. H. Dobbinga was in charge of the Holland-American Line ship Spaarndam. The pictures were transmitted from New York by Phonephoto.

Aged Shipbuilder Will Fly East to Montreal

VANCOUVER, Nov. 29 (CP)—John Coughlan, eighty-seven-year-old Vancouver shipbuilder, made reservations to fly to Montreal and Trans-Canada Air Lines officials said he would be the oldest person to have ever made the flight.

When Coughlan settled here, there were no transcontinental railroads and it took him months to reach the Coast from the East. This time he's in a hurry, so he's making his first flight.

PLACES BLAME OF FIRE TOLL

Halifax Hotel Management Charged With Neglect in Safeguarding Life

CHARLOTTETOWN, Nov. 29 (CP)—Possibility that extension of Trans-Canada Air Lines service to the Maritime Provinces would disrupt an air service between Charlottetown, Summerside, PEI, and Moncton, N.B., was discussed at a Board of Trade meeting here last night. The board declared itself "strongly in favor of retaining the present efficient passenger and mail service" and decided to make representations to Dominion Government authorities.

He found no evidence the fire had been set deliberately.

The hotel, a five-story, brick, concrete and wood structure in downtown Halifax, was destroyed by fire early last March 2. Twenty-eight persons were burned to death and a score of others injured. Mr. Justice Archibald was appointed commissioner under the Nova Scotia Public Inquiries Act to investigate the blaze.

HELP RESPONSIBLE

The Justice said that he was "satisfied from the evidence that while from time to time men were employed to manage the hotel, and were designated by the terms 'manager' or 'acting manager' of the hotel, nevertheless the actual management of the hotel was . . . exercised by John Simon himself and he was responsible for its management."

Simon is president of the Queen Hotel Company, Limited.

Mr. Justice Archibald also said he was satisfied Simon had seen a

letter from Philip Ring, who inspected the hotel under provisions of an act for prevention of fires in hotels, to Manager A. E. Amirault.

LETTER DISREGARDED

"I am satisfied . . . the requirements of the letter were disregarded, and deliberately disregarded, with the exception of one recommendation, namely, the repairing of hand rails on the fire escapes."

The fire wardens committee of the Halifax City Council had been lax in inspecting buildings, and the Nova Scotia Factories Act Inspector had not enforced his recommendations regarding the Queen Hotel, the commissioner said.

SALMON FISHERY WORTH MILLIONS

Just how big is the salmon fishing industry which makes the Province of British Columbia famous? During 1938 a total of 11,686 fishermen were licensed to fish salmon in British Columbia waters, and they brought in a catch valued at, in round figures, \$6,332,000, at point of landing.

About 87 per cent of the fishermen—10,260 in all—are whites and Indians, while only 1,426, or 12 per cent, are of Oriental origin. All of the fishermen, of course, were British subjects.

British Columbia's salmon catch, as marketed in 1938, brought a total return of \$14,544,000, round-stated. By far the greater portion of the yearly catch is canned, though substantial quantities are also used fresh and in dry-salting, mild curing, pickling and smoking. Salmon roe is also sold. Waste material from processing operations is used in the manufacture of fishmeal and oil.

COMING WEST TO VICTORIA

Retiring Railway Official Is Planning to Make His Home in City

VANCOUVER, Nov. 29—Western lines jurisdiction of the Canadian Pacific Railway's mail and baggage department will be divided equally between Winnipeg and Vancouver, effective December 1.

Retirement of John Sparks, general mail and baggage agent, Winnipeg, comes forty years of service for the veteran and under a new arrangement announced by W. E. Allison, manager mail and baggage traffic, Montreal, and approved by R. G. McNeille, passenger traffic manager, Montreal. H. J. Maguire, who has district mail and baggage agent at Vancouver since 1930, will become general mail and baggage agent for the area west of Field and Nelson, also including Pacific Empress liners, Canadian Australasian liners and the British Columbia Coast Steamships.

G. W. Carter, lately European baggage agent, London, replaces Mr. Sparks at Winnipeg, and as general baggage agent will supervise the area from the Great Lakes west as far as Field and Nelson.

John Sparks, who retires after forty years with the C.P.R., joined at Winnipeg, as a clerk, in 1899; became chief clerk in the Winnipeg baggage office in 1902; assistant general baggage agent, 1905; and general mail and baggage agent, Winnipeg, with jurisdiction over all Western lines, in 1930. He plans to make his home in Victoria, where he has a son and daughter-in-law.

JOINED AT TORONTO

H. J. Maguire, well known in British Columbia transportation and shipping circles, joined the company in Toronto in 1904, came to Nelson as baggage agent in the same year, and in 1906 became chief clerk to the general baggage agent, Winnipeg. He came to Vancouver in 1908 as district baggage agent and in 1930 took over the post of district mail and baggage agent.

G. W. Carter joined at Calgary in 1911 and enlisted from Montreal in 1915 to go overseas with the 5th Canadian Mounted Rifles. Promoted to Lieutenant on the field, he was twice mentioned in despatches, won the Military Cross at Amiens in 1918 and was later promoted to orderly officer of the commander of the 8th Canadian Infantry Brigade.

Landis Fines Four Ball Teams \$2,500 For Breaking Rules

Detroit Tigers and Brooklyn Dodgers and Two Minor League Squads Penalized by Baseball Commissioner for Infractions—Big League Teams Are Hit for \$500 Apiece

CHICAGO, Nov. 29 (AP)—K. M. Landis, commissioner of baseball, imposed fines totaling \$2,500 on the Detroit Tigers, the Brooklyn Dodgers and two minor league clubs today, and issued a statement in which he scored several teams for failure to file contracts and other player-negotiations with his office.

In a series of lengthy rulings which awarded back salary and free agency to several players, Commissioner Landis fined Detroit \$500; Brooklyn, \$500; Dayton, O., owned by the Dodgers, \$1,000; and the Columbus Club of the American Association, owned by the St. Louis Cardinals, \$500.

"From the investigation in this (referring to the investigation in this case) and other cases," Landis said,

Sportsman's Park Refused Dates by Racing Officials

CHICAGO, Nov. 29 (AP)—The Illinois State Racing Commission refused to grant 1940 racing dates today to Sportsman's Park, whose president, Edward J. O'Hare, was slain in gangland fashion early this month.

The commission pointed out the death of O'Hare, who died November 8, created vacancies in the office of president, vice-president and on the board of directors of the National Jockey Club, which operated Sportsman's Park. It agreed to a new hearing of the case.

Ottawa Roughriders Trimming the Argos

Here is the way the Ottawa tacklers smothered play after play by the Toronto Argos in last Saturday's important Canadian football match. The Roughriders from the Capital of the Dominion trimmed the defending champions from Toronto by a 28-6 score, and thus won the round by a wide margin, earning the right to clash with the Sarnia Imperials for the Eastern grid honors next Saturday. The winners of this series will battle with the Winnipeg Blue Bombers, a squad which took the measure of the Calgary Broncs in the Western final with comparative ease after dropping the first fixture. Close to 20,000 fans watched the Ottawa grid warriors trounce the Argos, and therefore they are heavy favorites to capture the national football championship.

Residents of West Road Place Hall at Disposal of City Basketball League, But Jupiter Pluvius Makes Matters Uncomfortable for Players —Home Club Scores Easy Victory

WEST ROAD HALL, SAANICH, B.C., Nov. 29.—Heavy rains soaked through the roof here tonight and made dressing rooms for basketball players anything but comfortable as six Victoria and District Basketball League quintettes performed in scheduled fixtures.

Big kind-hearted residents of the West Road district were sincere in placing their playing facilities at the disposal of the league, and certainly could not foresee the heavy rainfall. But the truth of the matter is that city basketball clubs should not have to travel to Saanich to play league fixtures when better accommodation is right in their "own backyard."

The basketball programme satisfied the home fans—the few who turned out—as the West Road senior "B" men's hoopers took the meas-

year with Palms, led the attack with fifteen points. Lucille Sparks and Dolly O'Connor each added eight points to the Dairy total. J. McDonald caged six points to take scoring honors in the Adverts' camp, while P. Johnson, L. Milliken and L. Simpson each scored four points.

BARONS TRIUMPH

Outscoring their opponents, 13-10, in the last half, Barons nosed out the Bombers, 21-19, in the curtain-raiser. The game was keenly contested and fast all the way. The score was 9-8 at half-time in favor of the eventual losers, and in the second period the tally was knotted twice before the Barons set up a four-point lead which paved the way to victory. Clever "Red" Mason led the Bombers' offensive with eleven points, and Minnis was top man for the Barons with four points to his credit.

MAKING PLANS FOR GAME DINNER HERE

Plans for the annual game banquet of the Victoria and District Fish and Game Protective Association, are moving forward in grand style. Les Entwistle, committee chairman, announced yesterday.

The dinner, a father and son affair, will be held at the Foresters' Hall, on Friday, December 8, at 6:30 o'clock. Moving pictures of wild game life and the visit here this year of Their Majesties the King and Queen, will follow the supper.

The menu will include clam chowder, grouse, partridge and venison all served with the usual trimmings.

The chairman reports there is a small shortage of venison, and asks any member who has a spare hind leg to get in touch with him at once.

STANBURY BEATEN

LONDON, Nov. 29 (CP)—Arthur Goundrill today beat Conrad Stanbury, of Winnipeg, four frames to one, in the eleventh heat of the Empire snooker tournament. The Canadian conceded forty points to Goundrill in each frame.

PALM DAIRY WINS

Pulling away in the second quarter, after being held in check in the opening stanza, Coach Axel Kinne's Palm Dairy cagettes trounced the Adverts, 43-19, in the second fixture on the programme. The losers made their best showing in the first quarter, appearing in front on the score card three times.

Dairy hoopers reached the half-time rest interval on the long end of 26-16 score, and in the final half dropped home seventeen points while the Adverts were scoring three.

Clever Forward for Army-Navy Team

NIP' SAGE

LEVER forward of the Garrison football team, who will perform on the front line for the combined Army and Navy eleven, Saturday afternoon, at the Royal Athletic Park, when the squad faces the Press aggregation. Sage played with the inter-city club last season at centre forward and inside right.

Manager McIlvenny announced the United Services' team as follows: Clarke (Army), goal; Marsh (Navy) and Coates (Army), fullbacks; M. Speller (Army), B. Robinson (Navy) and J. Edwards (Army), half-backs;

Blythe (Navy), N. Sage (Army), Ross (Navy), Cockrell (Navy), and P. Sage (Army) forwards; Kennedy (Army), Casillo (Army) and Jim Watt (Army), reserves. The match will start at 2:45, and two referees will handle the contest, one in each half of the field. The entire proceeds will go to the Juvenile League fund, and the first event on the afternoon's programme will commence at 2 o'clock, with a twenty-four cuba performing. A divisional match will then follow, and at half-time two other juveniles, and at 15:30, will delight the spectators. Bill Hook and Bill Huskin will be in charge of the touch lines for the feature attraction.

Veteran Detroit Sharpshooter Tied With Blake And Davidson

By the Canadian Press

Syd Howe, of Detroit Red Wings, picked up an assist as the Wings bowed, 4-1, to New York Rangers to go into a three-way tie with Bob Davidson, of Toronto Maple Leafs, and Toe Blake, of Montreal Canadiens, among the National Hockey League scoring leaders. Howe, Davidson and Blake are three points behind the league-leading Gordie Drillon, of the Leafs, who has eleven points.

The Union nominated three athletes it considered eligible to receive the Lou E. Marsh Memorial Trophy, presented annually to Canada's outstanding athlete, amateur or professional. The three are Joe Gagnon and Harry Hurst, Montreal boxers, and Larry O'Connor, outstanding Toronto hurdler.

On a motion submitted by Prof. N. O. Hart, of London, Ont., and endorsed unanimously, the constitution of the union was amended to provide for protection of an amateur athlete who, while in the service of His Majesty, competes with or against a professional, and the status of an amateur who competes with or against a professional who is in the service.

This action was taken coincident with a suggestion from the Alberta branch, which urged "the amateur status of athletes be not impaired under such circumstances, provided, however, that all competitors be bona fide components of the military."

Mac Coville, of Rangers, entered the Big Seven by adding two assists against the Wings.

VANCOUVER, Nov. 29 (CP)—New Westminster Adams scored their first win of the season at Varsity Gymnasium tonight, when they downed University of British Columbia, 30-27, in an Inter-City Basketball League game that went into overtime.

The teams finished the fourth quarter tied, 23-23, after Doug Alexander sank two free shots for Varsity in the last minute.

Pete Mehan, of Adams, was high scorer for the night, shooting four of his point in the extra time.

The councilor is concluding his first two-year term on the council. Councillors Thomas Hadfield and R. G. Humphries, who also return next month, as well as Reeve Alex Lockley, say they will be in the field again.

ADA, Okla., Nov. 29 (AP)—The Ada Evening News has asked advance obituary information from residents who plan to celebrate Thanksgiving Day tomorrow by drinking and driving. "We need your co-operation," a front-page notice said. "After the accident you cannot give us the information, and your friends will be looking for it."

ATHLETES TO BE PROTECTED

Amateur Athletic Union of Canada Passes Motion At Meeting

HAMILTON, Ont., Nov. 29 (CP)—The Amateur Athletic Union of Canada, at its closing annual convention session here today, took action to protect the amateur status of athletes during the war, re-elected its entire slate of officers, and heard that preliminary plans for the holding of the 1942 British Empire Games in Montreal were proceeding despite the war.

The Empire Games will be held during Montreal's tercentenary celebration, depending on war conditions at that time. Dr. A. S. Lamb, of Montreal, told today's meeting. Dr. Lamb, vice-chairman of the games committee, said the necessary financial guarantee had been arranged, and that preliminary plans were proceeding.

On a motion submitted by Prof. N. O. Hart, of London, Ont., and endorsed unanimously, the constitution of the union was amended to provide for protection of an amateur athlete who, while in the service of His Majesty, competes with or against a professional, and the status of an amateur who competes with or against a professional who is in the service.

This action was taken coincident with a suggestion from the Alberta branch, which urged "the amateur status of athletes be not impaired under such circumstances, provided, however, that all competitors be bona fide components of the military."

The Union nominated three athletes it considered eligible to receive the Lou E. Marsh Memorial Trophy, presented annually to Canada's outstanding athlete, amateur or professional. The three are Joe Gagnon and Harry Hurst, Montreal boxers, and Larry O'Connor, outstanding Toronto hurdler.

Adanaas Finally Score Cage Win On the Mainland

By the Canadian Press

Sydney Howe, of Detroit Red Wings, picked up an assist as the Wings bowed, 4-1, to New York Rangers to go into a three-way tie with Bob Davidson, of Toronto Maple Leafs, and Toe Blake, of Montreal Canadiens, among the National Hockey League scoring leaders. Howe, Davidson and Blake are three points behind the league-leading Gordie Drillon, of the Leafs, who has eleven points.

The teams finished the fourth quarter tied, 23-23, after Doug Alexander sank two free shots for Varsity in the last minute.

Pete Mehan, of Adams, was high scorer for the night, shooting four of his point in the extra time.

CRIME TEARS ON CAROLYN WELLS

CHAPTER LVI
Generally are. I can think of no reason for killing poor old Hetty except she knew who killed Harley Madison. That would be motive enough. Anybody in the house at

the time had opportunity and the means—have you looked about to see where the mercury could be bought?

"Tried the drug store in the village, but there was a new clerk there, and he said there'd been a fire in the office before he came, and he understood the sales records were all burned up."

"Know where Miss Verne is?"
"Haven't a notion."
"She can't be found."

"Ridden off on a broomstick, then. She's a mystery maid, if ever there was one!"

"Oh, I don't know. She's very well behaved, when's she's here in person."

"I hope she doesn't come back. She messes up things generally." "How's this for a theory? When Craig and Miss Verne came back to the house, after they'd started for the picnic, maybe she ran up to her room, and so caught Wilkins at

"I don't know," said Stone, who had asked the question solely to positive, the only question to be

answered was, who did it? In the terest, but grew serious when he listened to Stone's story.

"Why, no, I don't think any one could go into any drug store and buy them," Jennings said.

"Are they old? Do they de-

teriorate with age?"

"Not much. They keep a long time."

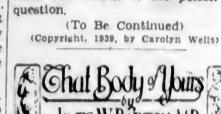

"Well," Stone said, "there's one thing sure; this is what Hetty meant when she said, 'a funny little blue coffin'."

"Without doubt," agreed Jen-

nings.

And then he gave Stone the in-

formation he asked about the character and action of the poison in question.

SAGITTARIUS

If November 29 is your birthday, the best hours for you on this date are from 9 to 11 a.m.; from 1 to 3 p.m., and from 7 to 9 p.m. The danger periods are from 7 to 9 a.m.; from 5 to 7 p.m., and from 9 to 11 p.m.

You will be wise not to go around carrying a chip on your shoulder this day, for there will be plenty of people ready to knock it off. Cross examinations will not be popular, so it might be well not to ask too many questions, especially of a personal nature. Thanks may be due to persons courageous enough to tell the truth, for it may prevent many mistakes and much trouble. Vague statements seem to be amplified. So why not save time by making well-defined declarations. Any attitude that might be construed as belligerent will prevent satisfactory conclusions in any kind of dispute, so if the occasion calls for it, assume a conciliatory pose and you may gain what you otherwise would lose. Married and engaged couples, and those who are in love, will find that the more sacrifices they offer to love the happier they will be.

If you are a woman and November 29 is your birthday, "blood is thicker than water," so regardless of what sacrifices you might have to make to pride, try to keep up a friendly relationship with everyone of your relatives. If you trace most of the gossip you hear to its source, you may discover how unreliable it is and realize the wisdom of foregoing it. As a writer, secretary, artist, musician, teacher, saleslady, actress, lawyer, dentist or doctor you may find yourself very popular and making plenty of money. Your selection of a husband ought to be a fortunate one, conducive to your future happiness.

The child born on November 29 has frequently a proclivity for teasing, which should be discouraged. Too much or too little discipline can be equally harmful to this youngster, so parents must use good judgment in handling Sagittarius children.

If you are a man and November 29 is your natal day, "there are vicissitudes in all things," and there are few, if any of them, that cannot be overcome. You ought to have sufficient backbone and optimism to enable you to keep going until you realize your ambition. As a lecturer, scientist, business executive, engineer, clergyman, theatrical producer, actor, sales agent, broker, author or poet you have, apparently, much to live for and are entitled to have great expectations for the future.

remedy that.

According to Culbertson

Some years ago, when I was a chess enthusiast, I witnessed a very unusual match game. One player analyzed all the variations for the next dozen moves, and discovered that he was certain to win. But he eventually lost the game because he inadvertently made his 26th move when he really should have made his 25th.

There are bridge players, too, who make just this type of mistake. They make all the right plays, but in the wrong sequence. Here's the sort of thing I mean:

South, dealer.
Neither side vulnerable.

NORTH

▲ K Q J 7

♦ A K 9 6 5

♣ A 4

WEST

▲ 9 8 4

SOUTH

The bidding:

South West North East

1 ♠ Pass 2 ♦ Pass

2 ♠ Pass 2 ♦ Pass

3 ♠ Pass 5 ♣ Pass

6 ♠ Pass Pass Pass

North's jump raise to five clubs was quite sound despite the fact that he held only a doubleton in this suit. South's bidding proved to had a six card club suit, for his rebid in hearts showed a five club suit and his opening bid of one club indicated he had more clubs than hearts. North could therefore be quite confident that his doubleton club constituted sufficient trump support. After North's terribly strong bidding (he had made a forcing takeout and then a jump raise in clubs) South felt that his holding warranted a slam contract.

West opened the King of hearts, hoping to establish a trick in that suit in addition to his sure trump winner. South won with the ace of hearts and did a little rapid thinking. He noticed that a trump trick would have to be lost unless one of the opponents held the doubleton Q-J of clubs. Since this was a little too much to hope for, it was necessary

to find a parking spot for his four small hearts. Two of them could be discarded on dummy's high diamonds; the other two on the third and fourth round of spades.

His analysis completed, South led the ace and king of clubs, drawing all the adverse trumps except West's queen. He then proceeded to take his discards. His analysis had been correct and he had all the right plays in mind. But he made the mistake of running the spades before reaching his diamonds. Naturally, West trumped the fourth round of spades and hastily cashed the queen of hearts, defeating the slam contract.

South would have made his slam if he had simply cashed the ace and king of diamonds before running the third and fourth round of spades. In that case he could get rid of two hearts on the high diamonds and two more on the spades. West might trump the fourth round of spades, but by that time South would have rid his hand of all heart losers.

The necessity of cashing the diamonds first is readily apparent. South must obtain three discards without losing the lead, but doesn't care if the high trump is taken on his fourth discard. This boils down to taking three rounds of spades and one round of diamonds and then choosing whether a fourth round of spades or a second round of diamonds is more likely to survive. Obviously, the second round of diamonds had a better chance of "getting by" than a fourth round of spades.

Leaders Retreat In Late Trading On Wall Street

NEW YORK, Nov. 29 (CP)—Traders pushed shares in quantity at the stock market trading posts in the last quarter-hour of today's session and leaders fell back fractions to 3 points under the previous close.

The decline followed early attempts to rally, led by the steel stocks and motors in which fractions to around 2 were added. For most of the day action was slow and it was only in the closing period the tape stopped up.

Foreign markets had pointed the way for an advance, although the Amsterdam Bourse turned a bit irregular at the close.

Transfers totaled 780,700 shares, compared with 621,660 yesterday. The Associated Press average of 561 representative stocks fell 3 of a point at 30.8.

Brokers' profound surprise that the day's favorable news, including a long list of extra on higher dividends and many indications of a continuation of the present industrial recovery, should fail to attract traders to stocks.

One assertion was that Wall Street was suffering from "over-blues" and that the professionals had seen such sideways action in the market over a period of time that they were afraid to participate in it.

Chrysler, which got up around 2 points earlier in the day, fell back at the finish to close down 1/4 of a point.

Governments climbed again today in the bond market. Treasuries were up as much as half a point, while Federal Farm Mortgage 3 1/4's gained 1 3/32 points. Belgian issues made good gains as did the Latin Americans, but the Baltic nations' securities slipped.

What Today Means**"SAGITTARIUS"**

If November 30 is your birthday, the best hours for you on this date are from 9:15 to 11:15 a.m.; from 1:15 to 3:15 p.m., and from 7:15 to 9:15 p.m. The danger periods are from 7:15 to 9:15 a.m.; from 5:15 to 7:15 p.m., and from 9:15 to 11:15 p.m.

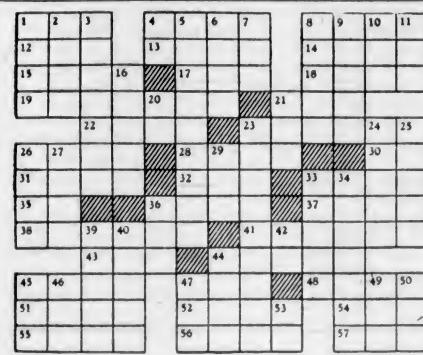

Be careful not to do the things that you are ready to condemn others for doing. Blindness to our own faults will be a rule rather than an exception this day. Only through constant vigilance can we keep our undesirable habits under control. Individuality will influence your writing, perhaps, a weakness you ought to overcome. If you decline

versation confine yourself to topics with which you are familiar, for it will be easy to venture far beyond your depth and find yourself floundering, unless you are very careful. Mistakes in identities are likely to be common. Married and engaged couples, and those with a tentative understanding regarding future matrimonial plans, must avoid fault-finding until they are positive that there is an actual justification for it.

If you are a woman and November 30 is your birthday, you may be too reluctant to sing your own praises when by doing so it might be advantageous. You may not attach sufficient value to the future benefits you might gain through the prompt discharging of your social obligations. A dislike for letter writing is, perhaps, a weakness you ought to overcome. If you decline
